

Employee of the Month

Marvalene Qualls

Activities Coordinator

Hardin Medical Center (HMC) proudly announces Marvalene Qualls is the March 2017 Employee of the Month. Marvalene began her career in HMC Health & Rehabilitation Center in November 2006. She's been spreading sunshine ever since.

"Marvalene is the activities coordinator at HMC Health & Rehabilitation Center and is a tremendous asset to our team," said a co-worker. "Her attitude and commitment to her job always go above and beyond. Marvalene is a very talented, creative lady who is always coming up with neat projects that keep the nursing home residents actively involved and having fun," the co-worker added.

Some of the nursing home residents choose to stay in the lobby just to see what Marvalene comes up with next. Marvalene's spouse was a resident of the nursing home so she knows firsthand the

importance of having someone provide excellent care to a loved one. Marvalene feels the same way about the residents she cares for each day and exemplifies those qualities as well.

She has a kind heart and it is easy to see that she truly loves the residents who call HMC Health & Rehabilitation their home. A definite go-getter, Marvalene is constantly on the go from the time she clocks in, until the time she leaves each day. She works very hard to make sure the residents are involved and entertained. Marvalene is an exceptional activities coordinator and a joy to work with every day. HMC is truly blessed to have her as an employee.

Hardin Medical Center is proud to spotlight employees like Marvalene that give 110% every day to brighten the lives of our nursing home residents. Marvalene has an excellent work ethic and is an exemplary employee.

Excellence in Action

HMC's February Employee of the Month is Marvalene Qualls. Pictured (l-r) are John Dennison, HMC Health & Rehabilitation Center Administrator; Marvalene, and Nick Lewis, HMC CEO.
